

June 2019

Dear Parents/Guardians of the 4th grade,

Welcome to the fourth grade. This will be a great journey, and by the end of it, your child will be ready for 5th grade.

Our goal this year is for the students to become independent, analytical thinkers as they continue to strive for excellence in every area. This year promises to be the best year yet in their academic lives.

Please complete the first part of the Summer Bridges workbook and bring it to school by September 15. Also, continue reading every day for at least 20 minutes, and practice multiplication facts. These math facts are the foundation for all areas of math in 4th grade.

I am confident in the success of this year through our partnership. Have a wonderful summer, and make the best memories ever. See you in September.

In Christ's Circle of Love,

Your 4th Grade Teacher
